

Cabinet Refacing Kits

3-WAY WARRANTY

Cinch is proud of our products, and we stand behind them.

- If within 30-days of installation you are unsatisfied with the product, we will refund your purchase price.
- If any Cinch product fails during normal use within three years of purchase, we will provide a free replacement product.
- If a hinge or piece of hardware ever fails, we will send you a free replacement.

It's that simple.

PRODUCT SPECIFICATIONS

The surface of our doors is a high-tech European film. It is scratch and abrasion-resistant, stain-resistant, chemical resistant, light-fast and easy to clean. Water beads up and runs off. The material won't fade or yellow. It's unaffected by 212° dry heat or steam and contains no plasticizers or formaldehyde. The technical specifications are:

Performance Testing Protocol

- Chemical resistance: 1C DIN 68861/1
- Abrasion resistance: Min 400 turns Tabor abrasor CS 10
- Water Resistance: Impervious to long term exposure
- Dry Heat: Unaffected at 212 degrees Fahrenheit (100C) DIN 68861/7
- Wet Heat (Steam) Unaffected at 212 degrees Fahrenheit (100C) DIN 68861/8
- Lightfastness >5 ISO 4892-2 DIN EN 105 B O2

LONG-TERM CARE

Our doors are tough and need minimal care. If they get dirty, wipe them down with an all-purpose cleaner like Formula 409, Fantastik, or Mr. Clean. **Cinch doors are incompatible industrial degreasers, bleach, and acetone.** We also include in each kit a touch-up marker to make repairs in case a door is somehow damaged.
